Clerk, Michele Hutton 53 Beaufort Road Upper Cambourne CB23 6FP
tel: 07701339765 email: bournpcclerk@gmail.com

Note: Late-arriving planning and tree works applications may not be specifically listed on this agenda but may still be considered by the Parish Council due to the time constraints of making recommendations to the District Council. For more information please see the current planning application consultations on <http://plan.scamb.gov.uk/swiftlg/apas/run/wchvarylogin.display>

The following actions were agreed for proposal/update to the council:

1. 3 pairs of white village gateways to be costed for consideration by PC for purchase and installation at (1) the Broadway, (2) entrance into Gills Hill from Toft, and (3) entrance into Gills Hill from Fox Road/Longstowe. **Clerk to obtain quotes**
2. Les to speak with his contact at Highways to investigate 30mph signage at Broadway, Gills Hill and Caxton Road and height/speed restrictions on Chapel Hill. **LR to report back at November meeting**
3. Des to speak with James Toombs (Highways) to arrange a visit to discuss a comprehensive survey of possible traffic calming measures; the viability of establishing a 20mph speed limit throughout the village; installing dragons teeth and/or a speed bump opposite the Lalbagh; using the lamppost opposite the Lalbagh to place an MVAS. **DOB arranged a meeting for 3rd November and invited HH, DOB should obtain an indicative completion date** *2 mins*
- 4.9 (9.2) LHI Application – DOB confirmed application has been submitted and will speak with James Toombs at meeting on 3rd November. **DOB to report back at November meeting** *2 mins*
- 4.10 (9.5) Bollards at War Memorial – various versions were looked at and agreement was reached to use black metal style bollards. **All Councillors to visit site and comment on whether 1 or 2 are needed at each corner for November meeting** *2 mins*
- 4.11 (9.7) Update on replacement streetlighting – LR reported that due to the pandemic, lamp bulb installations have been moved to November as not enough lampposts. MVAS can then be moved around the village as necessary once work has been completed. SJO reported that 3 options for lampposts have been circulated to residents at Caxton End, **update to be given at November meeting** *2 mins*
- 4.12 (10). Correspondence/communications received – S Levinson – request for verges to be cut back and Rights of Way - to re-assert all the pre-1949 footpaths. **SM to look into feasibility and will update PC at November meeting on progress** *2 mins*
- 4.13 (12) Members reports and any items which need consideration –Tree Warden to look at tree south end of pathway Rec Field LR to contact Graham to ascertain who owns tree, **Wysing Arts stile issue to be reported to Peter Gaskin by Clerk**

APPENDICES:-

4.2

Nutcombe Cambridge Ltd T/A NC Plumbing & Heating

Option 1

To supply and fit flushmatic flush control system to service all 3 urinals (option to remove one or two of the urinals if required at an additional charge). This unit has an automatic 12 hour janitorial flush which can't be amended and it is re-set every time the urinals are used. The sensor kit will cover all 3 urinals with the current set up, flushing all 3 when motion is detected. When the ceiling PIR is activated you can set the time delay to the next flush which is selectable and not effected if further activations occur. The unit is available with either battery powered or mains operated. The current pipe work will not need to be altered but access will be required into the roof void above, please advise if this is possible. Given the current COVID situation being sensor operated will be a benefit. Price includes PC sum of £170.00 for electrical works (mains power version)

All for the sum of £504.00 plus Vat @ 20%

Option 2

To supply and fit manual push button flush to individual urinal (all others will be removed). This will involve removing the flushing cistern and running 3 pipes to each urinal position (15mm mains water from loft to push button, back into roof void to connect up to air break valve and 22mm pipe work back down to urinal bowl). A minimum of 1.6m of flush pipe is required above the urinal to prevent overflowing from the air break. The current pipe work will need to be altered and access will be required into the roof void above, please advise if this is possible. This could be adapted to flush multiple urinals at the same time but further investigation will be required to choose the correct timed flow push button, pipe work size and air break.

All for the sum of £463.60 per unit plus VAT @ 20%

Option 3

To supply and fit ceiling mounted PIR operated direct flush to individual urinal (all others to be removed). This will involve removing the flushing cistern and pipe work and running 1 new 22mm pipe to the urinal position (15mm mains water from loft mounted air break to 22mm urinal bowl flush pipe). A minimum of 1.6m of flush pipe is required above the urinal to prevent overflowing from the air break. This unit has an automatic 12 hour janitorial flush which can't be amended and it is re-set every time the individual urinal is used. When the PIR is activated you can set the time delay to the next flush which is selectable and not effected if further activations occur. The unit is available with either battery powered or mains operated. The current pipe work will need to be altered and access will be required into the roof void above, please advise if this is possible. Given the current COVID situation being sensor operated will be a benefit. Price includes a PC sum of £170.00 for electrical works. (mains power version).

All for the sum of £730.40 per unit plus VAT @ 20%

I hope that this meets with your approval and look forward to hearing from you. If you have any queries or require further information please do not hesitate to contact me.

Clerk, Michele Hutton 53 Beaufort Road Upper Cambourne CB23 6FP

4.3 Climate Emergency Statement:-

BOURN PARISH COUNCIL CLIMATE EMERGENCY STATEMENT

Bourn Parish Council recognises that we face a Climate Emergency. The consensus among environmental scientists is that there is clear evidence of climate change and that it represents a threat to the life opportunities and well-being of future generations. We believe that addressing the challenges of climate change now will positively affect our health, wellbeing and community resilience. The Parish Council further acknowledges that its future actions and decisions should take account of the need to reduce emissions of greenhouse gases and the desire to reach net-zero carbon by 2030.

The Parish Council invites interested members of the community to set up a new Working Party to consider and propose local initiatives and actions to help tackle climate change that can be undertaken by the community with the support of the Council. Operating in partnership the Working Party and the Parish Council will seek to:

- cooperate with the District and County Councils and other local and national agencies to direct attention towards projects in the parish that will help achieve net-zero carbon by 2030
- communicate regularly with our community through an inclusive process that hears views and ideas for action from all sectors of the community.
- develop plans aimed at achieving zero carbon by 2030 and consider environmental improvements, such as enhancement of the biodiversity of the parish and the introduction of measures to mitigate the local impact of severe weather events.
- undertake initial audits of energy use in public buildings and assess wider environmental impacts in the parish.
- support action to reduce our community's carbon emissions by making improvements to buildings' energy efficiency.
- Support a reduction in the use of private cars by seeking improvement in public transport provision and by encouraging walking and cycling.
- Review progress through annual monitoring of energy use and other environmental impacts.
- encourage natural approaches to carbon capture such as tree planting and increasing biodiversity.
- support the development of renewable energy systems in our area by promoting schemes such as solar streets and community owned renewables.

Clerk, Michele Hutton 53 Beaufort Road Upper Cambourne CB23 6FP

4.14 Fencing quote

QUOTATION

Job Ref: Bourn Playing Field Fencing
Quote Ref: HSS 27 603E rev 1.

Further to your recent enquiry, we have pleasure in providing our quotation as follows. Following my site survey I make the total run a distance of 48m, which is reflected in the quantities indicated below:

To remove and dispose of the existing post and rail fencing. To supply and install 33m of 1800mm high 868 twin wire fencing with a section 15m long in the centre at 3000mm high in a rebound sports mesh. All of the above to be supplied in a green powder coated finish.

For the total sum of ; £4,640.00

To supply and install the above but to create a goal cut into the fencing complete with a ball stop section formed out of the fencing 1000mm deep the full width of the goal.

For the total sum of ; £6,440.00

Note; We are enhanced DBS checked, safe contractor and Chas approved.

We trust this proves to be of interest, should you have any questions or require further information, please don't hesitate to contact me on the number below.
