6. East/West Rail Route (EWR) – What position do we as Bourn Parish Council want to take on the station location? This was discussed and BPC agreed to favour the route north of Cambourne. We have received a request to set up a fighting fund (Cambridge Approaches), need to find out how much the other PC's have funded. Cllr NS advised that 8 PC's have pledged funds. We need to be careful as Cambridge Approaches is a business and we need to find a procedural way to donate. The PC agree in principle but Cllrs NS & SJO to report back at April meeting to the PC re northern approach. An EGM to discuss the PC's response to the EWR consultation has been called for Wednesday 5th May.

7. Bourn Airfield Development (BAD) - DOB informed the PC that the application has been amended for 500 houses to be occupied before any transport link completed and claiming from their survey reports that they will continue to build the 3500 properties. The main objection is that a high quality transport link is needed to be in place before the 3500 properties are built. DOB to speak to DC Hawkins next week and would like a meeting with Planning Cabinet members, SHJA invited to meeting, DOB to send details over. DOB waiting for a response from Mike Huntingdon and if decision needed a meeting of the planning group will be convened. SJO to convene a coalition meeting to be carried forward to January meeting – DOB attending meeting next Monday. 9.3 North Cambourne <https://we.tl/t-fKW5XpZBFJ> proposed development (DOB). Cllr DOB reported that the local plan for houses north of Cambourne have been increased from 4000 to 6000 and if EWR station is to the north this will probably go ahead.
